Occupational Health and Safety Policy

1. Purpose

The purpose of this policy is to demonstrate the strong commitment of Melbourne Polytechnic to provide and maintain a working environment that is safe and without risks to health.

This commitment is based on the belief that all occupational injuries/illnesses can and must be prevented.

2. Policy Statement

Melbourne Polytechnic commits to (the):

a) provision and maintenance of plant and systems of work that promote safety and minimise risks to health and welcomes employee input into safety systems;

b) provision of systems which maximise safety in connection with the use, handling, storage and transport of plant and substances;

c) maintenance of all institute sites to a standard which maximises safety and minimises risks to health;

d) provision of adequate facilities for the welfare of employees at any institute site;

e) provision of such information, instruction, training and supervision of employees as are necessary to enable employees to perform their work in a manner that is safe and without risks to health;

f) ensuring that institute health and safety systems are continuously monitored, improved and regularly audited.

3. Principles

Melbourne Polytechnic values its people and recognises that health and safety is integral to achieving excellent educational and work performance outcomes.

Melbourne Polytechnic has a moral and legal responsibility to create and maintain, as far as practicable, a healthy and safe environment for all employees, students, contractors and visitors to our campuses.

Melbourne Polytechnic will so far as reasonably practicable, take action to improve and promote OH&S to prevent workplace injuries and illness at all institute sites.

Each individual employee must take reasonable care for his or her own health and safety and for the health and safety of anyone else who may be affected by his or her acts or omissions at the workplace.
4. **Scope**
This policy applies to all employees of Melbourne Polytechnic, any independent contractor and any employee of any independent contractor engaged by Melbourne Polytechnic.

5. **Definitions**
For the purpose of this policy, the following definitions apply:

**Employee**: means a person employed under a contract of employment with Melbourne Polytechnic.

**Near Miss**: is an incident which did not result in property damage, injury or illness but which has the potential to result in one or more of these outcomes.

**Occupational Health and Safety**: is the discipline concerned with protecting the health and safety of all stakeholders in the workplace from exposure to hazards and risks resulting from work activities.

6. **Responsibility and Accountability**
