International student Critical Incidents Policy

The ESOS Act establishes legislative requirements and standards for the quality assurance of education and training institutions offering courses to international students, who are on a student visa.

Melbourne Polytechnic has obligations under the ESOS Act 2000 which regulates the delivery of education & training courses to students who come to Australia to study on a student visa. The Institute will support and care for students during their period of study to achieve their learning goals and achieve satisfactory progress towards meeting the learning outcomes of their course of study.

For further information please feel free to browse through the following site-
internationaleducation.gov.au/regulatory-information/pages/regulatoryinformation.aspx

At conclusion

Where do I go after today?

You will receive a handout via email with information about:

- Where to enrol and when (if enrolment date and time has passed, please contact your teaching department)
- Next course-specific orientation session
- Main contacts in teaching department
