

Financial Code of Conduct Policy

1. Purpose

This Financial Code of Conduct sets out the standards of behaviour and conduct expected from Melbourne Polytechnic staff in relation to financial matters. If any of the provisions contained within this code are not fully understood, staff should seek clarification from the Chief Finance Officer.

2. Principles

In accordance with the *Code of Conduct for Victorian Public Sector Employees*, staff members are to observe the highest standards of integrity in financial matters and comply with the requirements of relevant financial management legislation, policies and procedures.

Staff members are expected to act at all times in the best interests of Melbourne Polytechnic.

Staff members who have direct responsibility for financial transactions, for example the ordering of goods and services on behalf of Melbourne Polytechnic, must comply with Melbourne Polytechnic policies and procedures and applicable legislation.

Melbourne Polytechnic may apply its disciplinary procedures against staff members who are in breach of this code. Instances of non-compliance with this code may be reported to the Board, the Chief Executive Officer (CEO), Deputy CEO, Chief Finance Officer or Director of Corporate Governance. Melbourne Polytechnic arrangements for the prevention and detection of fraud and corruption will be kept under timely review, and all suspected irregularities will be investigated.
