

International Students Withdrawal, Transfer and Refund Policy

1. Purpose

The purpose of this policy is to define Melbourne Polytechnic's terms and conditions relating to international student withdrawals, transfers and refunds, with adherence to the requirements of the ESOS legislative framework, including the Education Services for Overseas Students Act 2000 (Cth), National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2007 (National Code 2007), Tuition Protection Service (TPS) framework, and related legislative instruments.

2. Policy Statement

Under National Code 2007 Part D, Standard 3, Melbourne Polytechnic must enter into a written agreement with the student, which is to be consistent with the requirements of the ESOS Act, providing information relating to refunds of course money in the case of student and provider default.

3. Principles

This policy will adhere to the following principles:

- value diversity
- promote natural justice
- offer equality of opportunity

4. Scope

This policy applies to new and continuing international students and staff in International. This policy should be read in conjunction with the student's Letter of Offer and Acceptance Agreement as it forms the initial contract with the student and contains reference to this policy.

5. Policy

1. Withdrawal and cancellation of enrolment

1.1. International students intending to withdraw from a course(s) should notify Melbourne Polytechnic-International in writing on the [International Students Application for Withdrawal and Refund Form](#). For students under 18 years of age approval from the parent or legal guardian supporting the withdrawal is required.

1.2. Melbourne Polytechnic may cancel a student's enrolment due to 'student default' or in some rare circumstances 'provider default'.

1.3. Provider default

Provider default occurs when Melbourne Polytechnic has broken the terms of the written agreement with the student, including the following circumstances:

- Melbourne Polytechnic fails to start the providing the course to the student at the agreed campus on the agreed starting day as specified on the CoE.
- After the course starts but before it is completed, Melbourne Polytechnic ceases to provide the course to the student at the agreed campus, and the student has not withdrawn from the course before the default day.

In the event that Melbourne Polytechnic defaults, an alternative location or course delivered by Melbourne Polytechnic may be offered to the student. The student is entitled to accept this offer or decline and apply for a refund of any unspent tuition fees in accordance with the refund policy and Tuition Protection Service (TPS) regulations.

1.4. Student default

Student default occurs when the student has broken the terms of the written agreement with Melbourne Polytechnic, including the following circumstances:

- The student withdraws from the course (either before or after the agreed starting day as specified on the CoE).
- The student fails to commence the course due to not meeting any applicable conditions of course entry.
- The student fails to commence the course (or a subsequent study period) on the agreed starting day without an approved leave of absence or late commencement.
- The student fails to pay an amount payable to Melbourne Polytechnic.
- The student has breached a condition of his/her student visa.

1.5. Cancellation of enrolment due to student's failure to pay fees

All course fees payable will be specified on an itemised payment schedule as part of the written agreement between the student and Melbourne Polytechnic. Failure to submit fees payable will result in student default and cancellation of your course enrolment(s).

If fees payable are not received by the due date, the student will be notified in writing of Melbourne Polytechnic's intention to report due to the failure to pay required fees and will be given a period of 20 business days (from the date of notification) in which payment must be made or an appeal is raised to Melbourne Polytechnic-International. Failure to do so will result in cancellation of enrolment.

If the appeal raised with International is denied and the student still disputes cancellation of enrolment, they can progress their appeal via Melbourne Polytechnic's [Student Complaints and Appeals Policy](#) and [Student Complaints and Appeals Procedure](#). The student must continue to study their course until the appeal has been heard and a decision issued.

2. Transfer to another Melbourne Polytechnic course

2.1. Course transfers are subject to approval from Melbourne Polytechnic-International who will assess a student's request to transfer courses in accordance with the relevant International Student Admissions Procedure and course selection criteria.

2.2. All applications to transfer courses should be made on the [International Student Application Form](#) and submitted to the Melbourne Polytechnic-International with accompanying documentation. Students will be notified of the application's outcome in writing and if successful, the student will be offered a place in the new course(s). Upon the student's acceptance of the new offer and written agreement, the student will be withdrawn from their current course(s) and provided with new Confirmation of Enrolment (CoE) documentation for the new course(s) enrolled.

2.3. Students are advised that they may require a new student visa if their principal course of study is not within the same education sector for which their student visa was granted, or their studies will be completed after their current visa expires. Students with concerns are advised to contact DIBP prior to transferring courses to seek advice on whether a new student visa will be required.

3. Transfer between registered providers

- 3.1. Melbourne Polytechnic will assess requests from international students who wish to transfer to another registered provider prior to the student completing 6 months of the principal course of study in accordance with this policy. Students granted this request to transfer will be provided with a written letter of release, commonly referred to as the release letter.
- 3.2. All applications to transfer to another registered provider, that is, to obtain a release letter from Melbourne Polytechnic must submit this request in writing on the [International Student Application for Withdrawal and Refund Form](#) to the Melbourne Polytechnic-International attaching any relevant documentation.
- 3.3. All applications to transfer to another registered provider must be submitted within 2 weeks of the semester commencement date or the ELICOS intake commencement date for which the release is sought.
- 3.4. There is no cost to submit an application for transfer to another registered provider, but it is advised that the student contacts DIBP to seek advice on whether a new student visa is required.
- 3.5. The outcome of the application will be communicated to the student in writing within 10 business days after the application is submitted.
- 3.6. Where an application is unsuccessful and the request to transfer is refused, the student will be informed of the reasons for this refusal. The student is entitled to submit a new application that addresses the reasons for refusal, which must also be submitted within the required timeframe as stated in 4.6.
- 3.7. Where an application is unsuccessful, the student has the right to lodge an appeal with the Institute of Arbitrators and Mediators Australia (IAMA). The student must continue to study their course until the appeal has been heard and a decision issued.

 - The student fails to submit the request to transfer by the required date.
 - The student fails to submit a valid offer letter showing the intended course(s) and registered provider of transfer.
 - The student fails to submit a valid offer letter showing a principal course of study within the same education sector of their current student visa subclass, and it is deemed that the student does not intend to apply for a new student visa.
 - The student is requesting to transfer to a course that is available at Melbourne Polytechnic.
 - The student is requesting to transfer to a course at a lower level of studies.
 - The student is requesting to transfer due to having insufficient financial capacity to cover tuition, living, or travel costs.
 - The student is requesting to transfer due to the feeling of home sickness and it is deemed that a transfer to another provider will not benefit the student's welfare.
 - The student is requesting to transfer after failing to meet tuition payment, course attendance, or course progress requirements and it is deemed that the reasons to transfer are solely to avoid Melbourne Polytechnic's obligatory report of student visa non-compliance to DIBP, in accordance with the National Code 2007.
 - It is deemed that the transfer will be detrimental to the student.
 - The student is under 18 and fails to include written confirmation that the student's parent or legal guardian supports the transfer, and where the student is not being cared for in Australia by a parent or suitable nominated relative, the valid offer letter does not confirm that the registered provider will accept that responsibility for approving the student's accommodation, support and general welfare arrangement.
